

Studio ORYX

Hand crafted furniture

Our Story

Studio ORYX was founded in 2010 by Architect Re'em Eyal. Our workshop consist of professional welders, carpenters and painters that share the same sustainability agenda.

'Upcycling' and 'Recycling' are key features in our design and production process. By giving items a 'second chance' and re-viving them into 'One-of-a-kind' objects- we manage to lower the ecological footprint of our products.

The studio and workshop are located in
Cancun, Mexico.
